# Hurricane Resilient Trees

***Dr. Beau Brodbeck***

Extension Specialist in Community Forestry and Arboriculture

Dr. Brodbeck's talk includes how and why trees fail during a storm and trees to plant along the Gulf Coast that are more hurricane resilient than others.

Don't miss this timely and relevant topic as the Hurricane Season runs now through November.

**Date:** Thursday, September 15, 2022

**Time:** 6:00 PM

**Place:** McGowin Hall  
Dauphin Way United Methodist Church  
(Dauphin Street at Catherine Street)

The Alabama Cooperative Extension System (Alabama A&M University and Auburn University) is an equal opportunity educator and employer.
